

#DanceChatterbox by Kimberley Harvey

The #DanceChatterbox is a mouth-like gadget that will inspire you to create your own dances!

Simply download and print this A4 sheet, then either use the dance prompts on the template - or make your own!

Instructions to make

1. Cut out the black square
2. Fold the square in half lengthways and across the middle.
3. Turn the square over so the writing is facing down, then fold the four 'coloured' corners in to the middle.
4. Turn the square over again, and fold the four new 'numbered' corners into the middle.
5. Put your fingers in the 'colour' pockets and make it 'chatter'!

Instructions to play

1. Choose a colour and make your **dance**
2. Spell out the colour as you make the chatterbox 'chatter'.
3. Choose a number, read the prompt, and **change** your dance.
4. Count out the number and make the chatterbox 'chatter' again.
5. Choose a number & open that triangle. This will reveal a way to **develop** or **perform** your dance!
